

ARROW Fuel Pumps

The new ARROW Electric Fuel Pump range is sourced from the LEADING, OEM approved, manufacturer of electric fuel pumps in China. The factory manufactures an extensive range that covers motorcycle, passenger car and commercial vehicle applications, and is accredited with TS16949, GB/T28001 and ISO14001 certification. ARROW fuel pumps provide complete peace-of-mind with a 12 month/30,000km guarantee (whichever comes first), against manufacturing defects. These pumps are competitively priced and available from Parts Incorporated Africa, Midas stores and other leading automotive outlets.

Part # EP10701A
Application: VW Golf 3 Gti, Golf 2
